

# Cotswold Challenge 2013

For Bristol Children's Cardiac Unit

**On the weekend of 3-6 May 2013, a team of staff from the Children's Cardiac Unit at the Bristol Royal Hospital for Children will be attempting to walk the entire length of the 102-mile Cotswold Way from Chipping Campden to Bath.**

This event is in aid of the Children's Cardiac Unit at the Bristol Royal Hospital for Children and is supported by the Wallace & Gromit's Grand Appeal. We are raising money for equipment and resources for the Unit, including the development of a Children's Hybrid Cardiac Catheter Laboratory, a pioneering cardiac facility which will transform the care of children with heart problems from all over Bristol, Bath, the South West of England and South Wales.

We have set ourselves a fundraising target of **£15000**.
