

## "YO-HO-HO AND A BOTTLE OF FUN"

**THE LONG JOHN SILVER TRUST** has been formed to create an innovative sculpture of fiction's most famous rascal (he also happens to be Bristol's most famous pub landlord). This has evolved into a revolutionary idea for a further six artworks on Bristol's Harbourside, that will tell the whole story of Stevenson's classic novel - **THE BRISTOL TREASURE ISLAND TRAIL.**

Our friends at Wickwar Brewery have created this excellent beer and are giving a donation from each bottle sold to help the cause. We hope one day that you will be able to enjoy our Trail as much as the beer.
